Brief Project Description:

Landscape School Grounds

Funding Plan:**Total Cost of Project: \$43,000**Funding Secured*Amount FY*Other Pending Requests*Amount FY*Anticipated Future Need*Amount FY*

There is no other funding needed

Detailed Project Description and Justification:

Landscaping: The shrubbery bordering the building has died. Aside from being unattractive (as well as depressing), the landscaping poses a safety hazard due to the fact that they are bare sticks protruding out of the ground. The risk of a child impaling themselves is substantial. This also includes sod. Estimate for Sod alone is \$31,000. Basic landscaping is \$12,000.
